

# Sponge Activities

If you have just a few minutes, consider implementing one of these activities. Either brainstorm answers as a class, or have students create lists individually.

- List all the objects in the classroom that weigh less than 5 grams.
- List all of the objects in the room that weigh more than one kilogram.
- List all the objects in the classroom that would sink in water.
- List all of the objects in the classroom that would float in water.
- List all of the objects in the classroom that would be attracted to a magnet.
- List all of the objects in the classroom that would conduct electricity.
- List all of the objects in the classroom that are electrical insulators.
- List words that begin with the letter T, R, S, or D.
- List all of the ways you help your parents.
- List foods you like.
- List all of the places you'd like to visit.
- List all of the books you've read.
- List all of the movies you've seen.
- List all of the cereals you can think of.
- List all of the desserts you can think of.
- List things you love to do in the winter/summer/spring/fall.
- List all of the places you find sand.
- List as many love songs as you can think of.

- List all the forms of transportation you can think of.
- List all of the different types of musical instruments you can.
- List the states that have the letter “e” in their name.
- Write down a manufactured product for every letter of the alphabet.
- List as many different individual and/or team sports as you can.
- List as many states as you can.
- List as many colors as you can.
- List as many pets as you can.
- List as many types of flowers as you can.
- List as many jungle animals as you can.
- List as many countries as you can.
